

Region 13 Educator Certification Program

Austin ISD Teacher Academy

The Region 13 ATA Program is an innovative and unique partnership between the Austin Independent School District (AISD) and the Region 13 Educator Certification Program. This program is designed specifically to train teachers for Austin ISD in the critical needs areas of math, science, bilingual education, special education, and CTE.

PROGRAM BENEFITS

Teach in AISD
Applicants accepted into the Educator Certification Program (in the selected certification areas) will have an opportunity to decide if they want to join ATA and will interview with AISD HR representatives and principals prior to their internship.

AISD Contract
If selected for ATA, teachers are given a two-year unassigned contract to teach in Austin ISD.

Critical Needs Scholarship
ATA interns receive the ECP critical needs scholarship of \$2000 paid toward program fees during the internship year.

Lower In-service Fees
AISD pays the remainder of in-service fees for ATA participants in exchange for agreement to teach in on a high needs campus and remain with the district for a period of 2 years.*

Certified Teacher
Upon successful completion of the internship year, program requirements and state licensing requirements, participants will earn a standard teaching certificate in their teaching assignment/certification area.
